VOL. XXIII.

CLAY CITY, KY., THURSDAY, APRIL 4, 1918.

NO. 14

## Powell and Wolfe Together.

Powell and Wolfe counties were placed together to form the 91st district. We thought for a time that we were in with Montgomery. We were pleased with Montgomery and are equally as well pleased with Wolfe. We regret also to leave Estill. While Estill's Republican majority always gave us Republican Representatives. The ones chosen by our Republican friends have generally been very satisfactory. In fact the two last Representatives, Mr. E. B. McGlone and Mr. Clarence Miller, have each been very acceptable to us, and is very doubtful if the Democrats could have named men that would have been better.

We are in a Democratic district now and it is a foregone conclusion that an agreement will be reached whereby the members of the Legislature will be selected first from one county and then the other.

## Flour Men Here But No Flour.

J. H. Dawson and Jack Thomas, both of Winchester, and both of them flour salesmen for the Winchester Roller Mills and the Woolcott Roller Mills, Lexington, respectively, were in the city Monday. Each of them said the flour situation was getting worse every day, the allotments getting less each week to customers, with prospects of all the flour being off the market before wheat harvest. The allowance is now one and one-half pounds per person per week.

## Potato Week.

Beginning April 7th the U. S. Food administration Kentucky division has set apart this week as potato week in Kentucky and ask all house wives as far as circumstances permit to use potatoes three times a day in order to save all bread stuffs possible, also so long as present conditions continue. The only special restriction asked regarding the conservation of meats are the beefless and porkless Tuesday. The meatless and porkless Saturday are no longer asked.

## Moving Temporarily.

Dr. Easter is moving to Winchester for the summer. He has a very large practice in Clark County so he is moving there to take care of this practice this summer, but will return to his home here in the late fall. The Doctor has no idea of changing his residence, hence he will be here this fall to cast his ballot under the rooster as formerly.

## Sells More Fords.

A. T. Whitt, the Ford agent, sold four machines this week as follows: Leonard Patrick, Vaughn's Mill; S. R. Curtis, Clay City; C. N. Crowe, Rosslyn; H. S. Russell, Clay City. This makes thirty-three machines for Powell and most all of them Fords, which is the only practical car for the roads of this county.

## Church Services.

Evening preaching service at the United Presbyterian Church at 7:30 P. M. Sabbath, April 7th.

The Theme will be "Vision Training in the School of Christ." Bible School at 10 A. M. Bring your friends.

## Building Good Road.

H. G. Crabtree and associates are building a fine road out from the river ford. The public road is so steep, that for a number of years past J. B. Eaton has permitted the public to use a passway through an adjoining lot. This passway is very narrow and is cutting a deep channel out around a tenant house. Mr. Eaton therefore saw fit to close this passway but tendered the public the necessary right of way to build as good a road as he was taking. Mr. Crabtree and others grasped this opportunity to get a good road into town and are now working it to a finish.

## We Lose Valuable Help.

E. F. Harris, who has been working in the Times office since the first of the year as an apprentice, has quit us and gone to work on the farm to try to raise something to eat. We regret to lose Mr. Harris as he was truly a fine gentleman and of very pleasant disposition. He will probably be back with us after crop season next fall, but just what we are to do for help until then is a puzzle to us.

## Local Boy Advances.

S. E. Johnson, who joined the band in his enlistment with the navy last Summer, and entered as second class musician has been promoted to first class musician. His band has been one designated to sail with one of the battleships to foreign land and waters. Mr. Johnson writes his home folks that he expects to soon be off.

## L. & N. Patriotic.

The L. & N. Railroad has leased all of their vacant lots, and parts of right-of-way in Clay City to be tilled for garden and truck patches. This is for the benefit of their employes who now have time to work these patches in the afternoons, since the clock has been set ahead an hour.

## To Build New Shop.

John Kimbrell, Clay City's expert mechanic and blacksmith, has purchased a lot from A. T. Whitt adjoining his garage, and is preparing to erect thereon a commodious building for shop with wood working department. This will be an excellent location for such business.

## To attend Funeral.

Mr. Schooler Estes and family, of Quicksand, are visiting Mr. and Mrs. John Rose. They came here to attend the funeral of Mrs. Alice Rose Wednesday. Mrs. Estes being a sister to the deceased and a daughter of Mr. and Mrs. John Rose.

## Supervisors in Session.

The County Board of Supervisors are in session this week hearing complaints from the different firms and corporations that have been raised by them. But very few of them, however, can furnish the necessary evidence, for property in this county has so advanced that one hardly knows how much they have got if put into dollars and cents. The trouble is the value of dollars and cents is off from 50 to 75 per cent, leaving us just where we started from.

## The Road Situation.

Nearly every day we are asked by some one as to when work will be resumed on our road; and if it is going to be built at all. To this we answer we feel sure it will. The Fiscal Court is doing all in its power to get things moving, but it is hung up just now waiting to see if Harris & Myers, the old contractors, are going to do the work. So far the Court has been unable to hear from them. The road was to have been completed Nov. 1, 1917. The contract provides that when work is unnecessarily delayed, the Commissioner of Public Roads shall so notify the Fiscal Court to this effect. The Court is eager and anxious to relet the work if Harris & Myers are not going to do it. The fact that road Commissioner Wiley has not given our Court the necessary notice to enable them to act, is the sole reason now for the delay in reletting the work. Mr. Wiley we are sure is acting to the best interest of the road as he sees it, but our people are becoming impatient, and will object to the collection of another years road tax unless more work is done.

## Kentucky Eighth in Corn.

Kentucky is exceeded in the production of corn by only seven other states in the Union. It is therefore very important that farmers see that their seed corn is good. They tell us that often the corn looks good when it really is very bad. And this year it is more that way than ever before. There is no harm in testing our corn anyway.

## Young People Entertained.

Miss Ethel Duncan and Harry O'Rear entertained a number of friends Saturday evening from 7 till 10:30 o'clock in honor of Miss Fannie Mize.

Those present were Misses Lula Johnson, Hally Rogers, Ruth Eaton and Fannie Mize. Messrs. Austin Johnson, Shelby Martin and Chas. Duncan.

## Mrs. Butler Rose Dies Suddenly.

Mrs. Alice Rose, wife of Butler Rose, died at Quicksand April 1st, of acute indigestion. Remains were brought here Tuesday and taken to the Hoskin graveyard at Edward Rose's for burial. Funeral services at the grave by the Rev. L. T. Allison. Three little girls and her husband survives.

## Fiscal Court Meets.

The April term of the Powell Fiscal Court convened in Stanton Tuesday morning and transacted considerable business. The Court adjourned with the one days work till next Monday morning when it will take up the road situation which seems to have due attention from this Court.

## Dr. Martin Buys Farm.

Dr. Wm. C. Martin has purchased of Mrs. Fannie Williams her farm of 75 acres near the mouth of Black Creek for \$2,000. This was formerly the Poor house farm and belonged to the county. The Doctor will improve the place and hold it as an investment.

Rosecoe Bowman sold a span of mules to some parties on Hardwick's Creek for \$500.

## STANTON.

(By P. O. Derthick.)

Virgil Atkinson was a business visitor to Stanton this week.

Uncle Ben Hall is able to mingle out again with his friends.

The Fiscal Court met Tuesday of this week to transact business.

W. S. Raydure, an oil magnate of Irvine, was in Stanton Tuesday.

A. H. Rose, of Argyle, was a business visitor to Stanton Tuesday.

A. T. Stewart has been getting in some new office furniture the past week.

Mrs. James Martin, of Cat Creek, has been visiting her daughter, Mrs. Guy Crowe.

Dr. A. T. Knox and wife, of Montgomery county, were here visiting this past week.

Miss Mamie Derickson has been sick this past week with a touch of her former trouble, appendicitis.

Mrs. Lena Boyd, who is visiting Mrs. Joseph Cuff, was a business visitor to Lexington last Saturday.

Little Anna Jane, the daughter of Mr. and Mrs. Fred Blackburn, has been quite sick this past week, but is much better now.

Mrs. Mollie Crawford accompanied her sister, Mrs. Ben Sewell, back to Jackson when they returned Sunday night, but returned Tuesday.

Mrs. Helen Jackson and her son have returned to their home in Louisville. Lee has returned from Florence, N. C. and has accepted a position with Belknap Hardware Co.

Mrs. Lucy Jackson has been on the sick list for several days the past week. She will soon feel better for Bob Stone and Charley Rice have done a fine job of papering in the house.

Mrs. Wagoner, of Virginia, has returned to her home after a visit with her daughter, Mrs. Joseph Cuff. She was accompanied by her grandchild, Anna Cuff, who will visit for a while.

Mrs. Sarah Blackburn, who has been spending the winter with her daughter, Mrs. Martelle Thomas in Jacksonville, Fla., is expected home the last of this week. Mrs. Blackburn will find a cordial welcome awaiting her.

Mr. and Mrs. Wm. Hardwick had all of their children home for Sunday dinner last Sunday. Those there were Mrs. Mollie Crawford, Mr. and Mrs. E. G. Cowgill and baby, Miss Bessie Hardwick, of Lexington and Mr. and Mrs. Ben Sewell and baby, of Jackson.

The two Kilburn girls returned to their home last Saturday. They were accompanied by Miss Helen Vollmer, of Clay City, to spend over Sunday. Abbie will not return to finish the term out as her mother is sick. Somebody please see that Victor Stephens has plenty of sympathy and does not get lonesome till school time next year.

Mrs. Brownlow Thompson, and two of her children from Blackey, visited her parents, Uncle Jack

(Continued on Last Page)

## Important New Road Law.

For years the people have been complaining about the destructive agency of automobiles on Public Highways, yet very little thought has been given to the fact that heavy loads on narrow steel tired vehicles do more damage than motor vehicles.

Practically every state in the Union that has any roads has laws regulating the weight that can be hauled on certain width of tires. Engineers can design and build roads to withstand any loads but the cost would be enormous and it is considered more economical to build roads to carry reasonable loads. Inasmuch as the roads are the peoples property they should not be disposed to destroy their own property. The 1918 session of the Legislature has passed a law which limits the load that can be hauled on any kind of vehicle. It is practically the same law that is in effect in all states that have laws on the subject. No one is required to purchase a new wagon but simply to limit the loads hauled on the wagons they now possess.

On wagons the following amounts can be hauled depending on the width of tire. The amount includes the load and also the weight of the vehicle:

1 1/2 inch tires	.....	3,000 lbs.
1 3/4 " "	.....	3,500 "
2 " "	.....	4,000 "
2 1/4 " "	.....	4,400 "
2 1/2 " "	.....	4,800 "
2 3/4 " "	.....	5,200 "
3 " "	.....	5,600 "
3 1/4 " "	.....	6,000 "
3 1/2 " "	.....	6,400 "
3 3/4 " "	.....	6,800 "
4 " "	.....	7,200 "

Above 4 inches add 400 pounds for each quarter of an inch in width of tires.

It is easily seen that more pressure is allowed than is produced by a twelve ton road roller in building the road.

The bill also limits to 800 pounds per inch width of tire the amount that can be hauled on motor trucks equipped with rubber tires. As an example, if a motor truck is equipped with tires five inches wide, sixteen thousand pounds could be hauled including the weight of the truck. More is allowed on rubber tires than on steel tires because rubber tires being more or less soft and not so destructive provided the vehicle is not driven too fast. The law also specifies that trucks cannot be operated at a greater speed than fifteen miles per hour and when the weight is in excess of six tons the speed must be reduced to eight miles per hour with iron tires and twelve miles per hour with rubber tires.

The speed of automobiles shall not exceed twenty-five miles per hour.

Persons violating any of the provisions of the Act are subject to a fine of not less than \$15.00 nor more than \$100.00 and it is the duty of the Courts and all Peace Officers to enforce the law and when the Officers, when properly informed, fail to enforce the law they are subject to a fine of not less than \$50.00 nor more than \$100.00.

All fines go to the credit of the road fund in the county or the street fund in the city or village depending upon where the offense is committed.

# THE TIMES.

J. E. Burgher, : : Publisher.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER

THURSDAY, APRIL 4, 1918

SUBSCRIPTION RATE,  
ONE DOLLAR PER YEAR

This county should not be in the rut from point of agriculture as it now is. We have the necessary elements within its confines to make it far more resourceful. This is nothing else more than lime. Pulverized lime is the greatest of all soil tonics. While not embracing any plant food whatever, it does put the soil in condition to release certain foods that such plants as clover, peas and alfalfa may grow where at least the clover and alfalfa will not grow now. The growth of clover not only furnishes the very best of hay, but makes the land better for growing it. This clover fed on the farm makes manure, which when spread on the ground reseeded itself, and the lime makes clover content to grow.

Mr. H. H. Harrison, our wide-awake county agent, is making a

strenuous effort to get a lime pulverizer in the county to grind our own limestone into dust to put on our land to make our own soil more productive, consequently more profitable. This is one step to success that we should not fail to take.

See Mr. Harrison and lend him your bit of encouragement which is sure to bring success to you.

The writer in the fall of 1917 applied some lime on about three acres of land and sowed it in wheat, and clover in the spring. The clover came too high for general use, but where we did apply it clover is still a good set. Had we not applied the lime we doubt if we could have gotten clover to grow one year.

Having had this experience is the reason why we can agitate steps be taken to get a lime pulverizer in the county. And Mr. Harrison is the proper agency through which it should come. We do hope our farmers will not miss this opportunity to pave the road to success.

The greatest enemy this country has is the profiteers who are proclaiming their loyalty from the housetops. They are for the war or anything else so long as it reverts profit to their pockets. The hypocrite is always the most dangerous of all enemies. A few loyal detectives placed in the right place would do wonders for rounding up the real disloyal.

The new dog law is a dandy and we hope to see it enforced.

## The New Fish Law.

The new law permits the use of seines and hoop nets without wings with mesh of not less than 1 1/2 inches square in streams which form the boundary between this State and any other State, (Mississippi, Ohio, Big Sandy, Tug-Fork of Big Sandy and a part of Tennessee), not to be placed or used within 200 yards of the mouth of any tributary stream nor within 200 yards of any lock and dam, upon payment of \$1.25 for license and tag for one hoop net without wings and \$1.00 additional for each additional hoop net and \$5.25 for license and one tag for each seine of 100 feet in length or less and \$2.00 for each additional 100 feet or fraction thereof. Provided further, that any large or small month black bass if caught in nets or seines shall be immediately returned without injury to the water from which taken. Provided further, that no fish shall be taken under provisions of this Act during month of May. The same provisions as above indicated apply to navigable streams within the State atenally under lock and dam (Kentucky, Green, Barren, Rough, Cumberland and Levisa Fork of Big Sandy River), but no fish can be taken under provisions of this Act from waters above the last lock and dam in any navigable stream, and size of mesh limited to two inches. Possession of net or seine without tag attached is unlawful. This law goes into effect April 1, 1918. Penalty for violation \$15.00 to \$100.00 or imprisonment and nets to be confiscated and destroyed. Non-resident license for hoop nets or seines will be issued upon payment of double the fees charged residents for a like hoop net or seine license and tags. License is procured in same manner as hunting license. All game wardens, sheriff and his deputies, constable and his deputies or any peace officer is empowered to make arrest. It is unlawful to take fish from any other stream or part of stream not provided for under the new law, by any means other than with pole and line, hand line, set line or trot line. There have been no changes made in the hunting laws.

The new law conforms to recommendations of the Federal Government and the Kentucky Game and Fish Commission, and was approved by Hon. Fred M. Sackett, Food Administrator for Kentucky. It is a war measure and will bring thousands of pounds of fresh fish into the local markets of the State and this season will be the first time in twenty-five years that fish can be caught legally by means of seines and nets from any of the running waters of this State. Very truly yours,  
J. QUINCY WARD.

## VAUGHN'S MILL.

John Hiley Sr., has moved on Frame's Branch from Clark County.

H. M. Curtis has accepted position with the Russell Oil Lands Co., at a lucrative salary. He will be located near Torrent.

Mr. Jas. Kincaid's sister surprised him recently when she arrived from Bracken county; he had not seen her for 42 years. Uncle Jimmy continues very poorly and is now bedfast.

Rev. Hardine Jr., of Winchester, will preach next Sunday at Vaughn's Mill Christian church at 11 A. M. A Sunday school is contemplated of being organized, so everybody is urged to come out.

## SPOUT SPRING

Mr. and Mrs. Odell Douglas spent Sunday with Mrs. Belle Burgher.

Jordan Barnett sold to Grant Puckett one good cow and calf for \$100.

Harrison Strange bought one cow from Shelt McKinney for \$80 and one cow and calf from Isaac Elkin for \$75.

Mr. and Mrs. Albert Crow entertained a number of their neighbors Sunday. Among them being: Mr. and Mrs. Lloyd Todd, Mr. and Mrs. Alfred Crow and family, Mr. and Mrs. Shelt McKinney, Mr. and Mrs. Earl Todd. The day was well enjoyed by all present and a bountiful repast was served.

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

week.

Made in Kentucky by CHAS. C. STOLL OIL CO. Lexington, Ky.

Republic to Drill Well.

The Republic Oil Company, which owns a number of leases near this city, has just closed a deal for a lease on R. W. Garrett's place and located the site for well No. 1. Drilling will begin soon as the company can get a rig to go on the place, and this company is offering very attractive prices as an inducement. It seems that much difficulty may thus ensue before drilling can be started.

J. A. Lee, the company's representative who has recently looked over the field, says the prospects for oil about Clay City and Stanton bids fair to him, and expects to find oil on the Garrett place.

Nada.

Odis Powell has moved to Clay City.

L. P. Keith was in camp Saturday.

J. Crews Rash was in Lexington on business Thursday.

R. A. Harter and G. W. Buckhannon spent Saturday in Lexington.

Mrs G. W. Buckhannon has been confined to her bed several days but is now able to be up.

The other small pox cases are improving and some are able to be out. One new case reported.

Brodhead-Garrett Co. is having several wells bored in ramp which is badly needed as water is very scarce.

Misses Myrtle and Maul Derickson returned home last week from Carlisle where they have been in school.

The railroad will soon be completed to the new track of timber and it is hoped the mill will then run full time.

Mrs. Chas. Tomlinson and little daughter, Eleanor, and Miss Lillie Burgher spent Wednesday with Mrs. Randall Harter.

Miss Mila Knox has been very sick, but is improving slowly. She returned home from Lexington hospital Wednesday. Her many friends hope for a speedy recovery.

Died, Lemon Morton, age 21, son of Mr. and Mrs. Cordelius Morton on March 22nd after an illness of 8 months. Our deepest sympathy is extended to the bereaved parents and sisters.

Mr. Brent Ewen and Miss Stella Morton the eldest and accomplished daughter of Mr. and Mrs. Cordelius Morton were married in Winchester March 21st. We wish for this young couple a happy, prosperous and successful life.

Noted Jurist's Observation.

Former Judge Alonzo Z. Blair, of Portsmouth, O., who broke up vote buying in Adams county, has appealed to Congress to enact wartime Prohibition without delay.

Judge Blair has written to a number of Congressional leaders in Washington that he is an attorney for a manufacturing concern that employs 5,000 persons in the making of munitions. This concern, he says, was compelled to close down its plant for lack of fuel.

"I noticed," he writes, "that during the time our plant was closed the brewery of this place had plenty of coal and continued to operate. I believe the time has come in this nation when the manufacture and sale of intoxicating liquors should be prohibited by federal legislation during the war.—The Issue.

An early Easter for an early spring seems to have hit it this time, for it has been springlike since Sunday with indications favorable for its continuance.

Sunday was an ideal day for that new Easter bonnet and suit. But where is one that can afford the prices?

THE GREAT WAR HAS MADE CIGARETTES A NECESSITY.

"Our boys must have their smokes. Send them cigarettes!" This is a familiar appeal now to all of us.

Among those most in demand is the now famous "toasted" cigarette—LUCKY STRIKE. Thousands of this favorite brand have been shipped to France. There is something homelike and friendly to the boys in the sight of the familiar green packages with the red circle.

This homelike, appetizing quality of the LUCKY STRIKE cigarette is largely due to the fact that the Burley tobacco used in making it has been toasted. "It's toasted" was the "slogan" that made a great success of LUCKY STRIKE in less than a year. Now the American Tobacco Co. is making 15 million LUCKY STRIKE Cigarettes a day.

A good part of this immense production is making its way across the water to cheer our boys.

HARDWICK & COMPANY

REDUCED PRICES

We have a good deal of WINTER GOODS which will CLOSE OUT AT LESS THAN TO-DAY'S WHOLESALE PRICES. CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was drawn up in a knot... I told my family about it and they said I would never get up. I told them I would not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this." Do you suffer from headache, backache, pains in sides, or other discomforts? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

"I have used Dr. Miles' Anti-Pain Pills for some time and find them an invaluable remedy for headache. I have always taken great pleasure in recommending them to my friends, being confident that they will bring the desired relief. I am never without them and use them for all attacks of pain, knowing that they will not disappoint me."  
MRS. W. H. BENSON,  
West Haven, Conn.

"Money and Tar will give you ease when you start to cough and sneeze."

## FOLEY'S HONEY AND TAR

DON'T wait for a cold to attack you. Fight back. Attack it. Hit first, if you can.  
At the first indication of the presence of the enemy, get busy. Go right after him and keep right after him until you know positively he has retreated and gone for good.

### Watch - But Don't Wait

Don't be afraid of answering a false alarm. You never can tell what a cold will do when it gets a good start. So there's only good and no harm done when you stop a cold before it gets any start at all.

It is far better to take a dose of safe and harmless cough medicine when you don't absolutely need it than it is to fail to take it when you do need it. Play safe and sure. It pays in the long run.

### How to Attack Successfully

The best way to attack a cold is to take a few doses of Foley's Honey and Tar Compound. It quickly checks the cold and by its action builds up a strong defense. It coats the raw inflamed membrane with a soothing, healing armor, stops the spread of inflammation, clears the air passages, loosens the phlegm, eases the breathing and banishes the stuffy condition. Foley's Honey and Tar Compound contains no opiates, is absolutely safe and harmless, and has been used in thousands of homes for many years to prevent and overcome coughs, colds, croup, whooping cough, influenza and bronchial conditions. In 25c, 50c and \$1.00 sizes. You get the original and genuine Money and Tar Compound when you insist on Foley's.

SOLD EVERYWHERE

**Mothers use Frey's Vermifuge For the Children**

A safe, old-fashioned remedy for worms.

Seventy-five years continue one use is the best testimonial FREY'S VERMIFUGE can offer you.

**E. & S. FREY, BALTIMORE, MD.**

The campaign for the third Liberty bond sale will begin Saturday, as celebration of this event in Kentucky, Gov. Stanley has proclaimed a half holiday on Saturday.

In Chicago a man was fined \$50 for not standing when "The Star Spangled Banner" was playing in a theatre. His idea of entertainment was not restrained by any considerations of expense.

### The Times Club Rate:

This is the time of year when hundreds renew their subscription to the local paper, and as many of them will want additional reading, we have arranged club rates with the following papers at the price mentioned:

Times and Louisville Daily Post. \$3.65  
Times and Cincinnati Post. 3.65  
Times and Weekly Enquirer. 1.50  
Times and Farmers' Home Journal. 1.75  
Times and Home and Farm. 1.35  
Times and Island Farmer. 1.35  
Times and the old magazine. 1.60

Persons desiring more of the above papers than is included in the club they first select, can find the cost of other papers by subtracting one dollar from each club rate including the paper you desire and add this amount to the club you first select.
